## **State Level Priorities Pg. 22**

USED allows states to include additional priorities in its local 21st CCLC subgrant competition. For the 2025-2028 NCDPI Cohort 18 21st CCLC Competitive Grant Program, NCDPI will award competitive priority points to applications proposing to meet the following criteria:

## County Distress Ranking (Tiers) (up to 2 points) Pg. 22

Priority consideration shall be given to applicants proposing to serve a majority (at least 51%) of proposed feeder schools located in a distressed county based on the NC Department of Commerce 2025 County Distress Rankings (Tiers).

- Tier 3: 0 priority points
- Tier 2: 1 priority point
- Tier 1: 2 priority points

# Demonstrated Use of Braided Funds to Support Program Implementation (1 point) Pg. 22

If an applicant plans to braid other local, state, or federal funding to support the 21st CCLC program throughout the duration of grant period applicants must:

- Complete the "Braided Funds" section of the Total Cost Worksheet to demonstrate that braided funds from multiple sources will constitute at least 10% of the total budget;
- Complete, Sign and upload the "Braided Funds with Partners Table Form" document to CCIP.

Partnerships that indicate in-kind donations or general support <u>without financial backing</u> will not be considered for the priority point

## Implement Trauma-Informed Practices (1 point) Pg. 22

A trauma-informed approach incorporates recognition of the widespread impact of trauma and its signs and symptoms, appropriate responses, and active efforts to avoid retraumatization.

To receive this priority point, applicants must complete the "Trauma-Informed Practices Assurances Form" document to attest to:

- their capacity to hire and retain certified and qualified mental health professionals and/or
- partner with qualified mental health service providers employing certified mental health professionals
- to implement evidence-based trauma-informed practices throughout the duration of the 2025-2028 NCDPI Cohort 18 21<sup>st</sup> CCLC Competitive Grant Program.

## Funding Awards (RFP Pgs. 23-26)

For the 2025-2028 NCDPI Cohort 18 21st CCLC Competitive Grant Program, NCDPI may award:

- At least one (1) 21st CCLC grants proposing to operate an academic year program (with or without a summer program) per each State Board of Education (SBE) region of the state pending submission of quality applications by at least one (1) eligible organizations in the SBE Region and following Level I and Level II reviews.
- At least one (1) 21st CCLC grant proposing to operate summer only programs per each State Board of Education (SBE) region of the state pending submission of quality applications by at least one (1) eligible organization in the SBE Region and following Level I and Level II reviews.

After the initial awardees are identified, NCDPI may continue to recommend one (1) additional organization per region proposing to operate academic year program (with or without a summer program) for the award based on total application score and ranking. If funding is available, NCDPI will then recommend one (1) additional organization per region proposing to operate summer only programs for the award based on total application score and ranking until funds are depleted.

## **Funding Levels Pg. 24**

For the purposes of this competition, applicants will determine their academic year out-of-school-time program funding request and/or their summer program funding request separately in CCIP.

- If applying for academic year **and** summer programs (Option 1), applicants will then combine the proposed academic year and summer funding request amounts to generate the "Total Grant Award Requested", which will also be input into the FY26 Cohort 18 application in CCIP.
- The total amount requested for academic year **and** summer program is either the sum of the requested funding for each proposed program or \$500,000, whichever is less.

  - Indirect student services cannot exceed 20% of the total grant award.
- An organization may only charge to the 21st CCLC grant up to 40 hours per week for a Program Director salary. This limitation applies even when the potential grant awards span different 21st CCLC cohorts.

## **Continuation of Funding Requirements**

NCDPI Cohort 18 21st CCLC Competitive grants may be continued for up to two additional years.

- To receive continued funding in Year 2 and Year 3, awarded subgrantees must submit an annual non-competitive continuation application.
- If Awarded priority points, subgrantees must also demonstrate how they will maintain these priority areas in the upcoming program year.

## **RFP Pg. 27**

#### **NOTES:**

- Applicants who receive priority points for specific programmatic elements (such as joint applications, braided funding, or trauma-informed practices) are expected to maintain these elements throughout the entire grant cycle. Failure to uphold these commitments may result in the discontinuation of funding.
- Applicants must implement plans as approved during the award period. Significant changes to the
  program design without prior approval from the NCDPI Office of Federal Programs staff for programmatic
  amendments may result in delays or loss of funding during subsequent years of the continuation period.
- Subgrantee's continuation of funding may be terminated due to: failure to meet program goals, noncompliance with attendance and reporting requirements, insufficient fiscal documentation, and/or misuse of funds.
- Awards can be ratably reduced or terminated contingent upon the annual SEA award from USED.

## **Qualifying for Annual Funding Installments**

#### 21st CCLC programs are not drop-in programs

•Awarded applicants are expected to recruit and provide <u>continuous services</u> designed to encourage full student and family participation in all 21st CCLC activities and long-term engagement

NCDPI will closely monitor both student enrollment and average daily attendance (ADA) to ensure awarded applicants are serving the number of anticipated students identified in the grant application and to offer support and strategies to improve consistent attendance.

#### Academic Year Funding Installments Pg. 28

Academic year program funds will be allotted as follows:

- 1. Initial installment equal to 34% of total required academic program year award will be issued after NCDPI approval of required documentation and final budget;
- 2. Second installment equal to 34% of the total required academic program year award if subgrantee has met at least 50% of its enrollment goal as stated in the SBE-approved application. Additionally, students must attend the program for **at least 45 hours** to be counted towards the second installment attendance goal.
- 3. Final installment equal to 32% of the total required academic program year award if subgrantee has met at least 75% of its enrollment goal as stated in the SBE-approved application. Additionally, students must attend the program for **at least 90 hours** to be counted towards the third installment attendance goal.

#### **Summer Funding Installment Pg. 28**

## **Funding Reductions Pgs. 28-29**

- ➤ Each year, if awarded subgrantees do not meet requirements for the second and/or third installment of the academic program year award, the awarded subgrantee will be required to forfeit second and/or third installment or right size their program for the remainder of the grant year. In addition, the program will be required to right size their program for the remainder of the three (3) year grant cycle.
- ➤ If awarded subgrantees do not meet proposed enrollment goals for the summer program, the awarded subgrantee will be required to reduce summer program funds for the remainder of the three (3) year grant cycle.

Any funds recovered from reductions or forfeitures will be redistributed to those subgrantees that have successfully met the third (3) installment requirements.

#### Funding Reimbursement Notice Pg. 29

Questions?

# Part 3: Application Review and Selection Process (RFP pgs. 45-46)

Susan Brigman, Section Chief 21st CCLC & ELISS

# **SBE Policy CNTR 001**

The North Carolina State Board of Education (SBE) policy CNTR-001 outlines the approval process for competitive non-discretionary funds.

This policy was developed to assure the Board that all project proposals have been evaluated fairly and on merit without bias or favoritism and all approval criteria for selection have been followed.

Definition: Competitive projects are those projects for which NCDPI or SBE solicits proposals from eligible applicants and are evaluated against a set of approved criteria to determine the recommendations for funding.

### **SECTION V. Exceptions**

- Any additional criteria, amended process, or further changes made to the above procedures must be approved by the deputy state superintendent.
- In accordance with the policy, the State Board of Education (SBE) can approve deviation from the written policy.

The SBE approval of this RFP authorizes the following approval process for awarding 21<sup>st</sup> CCLC Cohort 18 grants.

### 21st CCLC Competitive Grant Competition Review Process

- Initial Login and Screening: Each application is reviewed to determine the presence of basic components including proposal sections, applicant and partner signatures, and other essential items outlined in the Application Guidance including determination of Good Standing.
- Level I Review: The review team is comprised of experienced, external grant readers from various professions. Impartial reviewers will evaluate each application based on the proposed activities and the capability of the applicant to implement the proposed program.
- A review team of three reviewers will assess each application utilizing a Rating Rubric (Appendix E). Scores from the independent evaluations will be averaged to determine a final rating for each application. Each proposal will be included in one of the five following quality bands:
  - Excellent (123-145)
  - Strong (100-122)
  - Average (76-99)
  - Weak (55-75)
  - Unacceptable (54 or below)

### 21st CCLC Competitive Grant Competition Review Process

- Level II Review: Applications recommended for funding by the review team will be reviewed by a smaller team of reviewers (which may include the Office of Federal Programs director and review team chairpersons). These reviewers will use the following criteria and will assign priority points to applications that meet with specific funding priorities.
- In addition to a quality review score, all applications will receive a technical review to ensure all required and related documents are complete, including all official signatures on all required documents.
- Any required document(s) not completed or submitted in its entirety and/or is missing official signatures will be considered incomplete in its submission and will receive a point deduction(s) for each incomplete required document submitted. Any Technical Review point deductions will be applied to the final score of the application, reducing the final score.

# **Priority Points Review**

Priority points are reviewed and added to the final score for the application before any technical deductions.

## 21st CCLC Competitive Grant Competition Review Process

• Level III Review: Using results from the level I and level II evaluations, the Office of Federal Programs director and other leadership appointed by the appropriate chief officer, jointly determine with the appropriate SBE Committee the final recommendations to the SBE for approval based on the total amount of funds requested compared to the total amount of funds available.

 Upon approval from the SBE, the General Contact Person and Fiscal Agent (if different organization from the General Contact) will be notified via email.

# **Appeals Process** (RFP Pgs. 75-76)

- In accordance with federal rules, NCDPI provides applicants or recipients with the opportunity for a hearing to appeal NCDPI's final action under an applicable federal program. See 34 C.F.R. § 76.401(a), 34C.F.R. § 76.783 and 20 U.S.C. 1231b-2.
- For more information on the appeals process see Appendix F of the Request for Proposal (RFP).
